

## PRE - TREATMENT INSTRUCTIONS Discover the secret to your most radiant complexion

Date & Time	
Peel Procedure	

Please schedule peel procedures 3-4 weeks before important events (wedding, anniversary, family portrait, etc.)

## One week before peel

Avoid these products and/ or procedures:

Electrolysis

**Depilatory Creams** 

Waxing

Laser Hair Removal

If you have a history of cold sores, fever blisters and/ or herpes; contact our office for an anti-viral medication prescription. Begin this medication the day of the peel, continue as directed.

Avoid active indoor or outdoor tanning

## **Three - Five Days Before Peel**

Avoid these products and/ or procedures:

- Retin- A, Refissa®, SkinMedica Retinol Complex, Differin®, Tazorac,®
   Tretinoin
- Any product containing retinol, AHA or BHA, or benzoyl peroxide
- Any exfoliating products or procedures that may be drying or irritating

The use of these products / treatments prior to your peel may increase skin sensitivity and cause a stronger reaction

## Day of Peel

Do not wear contact lenses Do not wear make-up, false eyelashes, or jewelry Wear comfortable clothing Drink plenty of water prior to the peel

Please contact the office if you have any questions (217) 214-8282
